## Philosophy

We like wine. We like food. We love their contrasts and how they complement each other.

You are here, which most likely means, you do too.

With this in mind, we have created a list of beverages we think best suits our place, unashamedly Australian.

The French use a term – terroir - which means all the elements of a particular place combining to express the uniqueness of the land and gives each wine its character.

The story of our beverage list starts with the place it grows.

Producers we know.

Producers we love to share.

The Coravin wine preservation system allows us to pour wine from a bottle without removing the cork. Each glass will always taste just as amazing as your first – even weeks, months, or years later.

How does a Coravin wine preservation system work?

A needle is inserted through the cork or special screw cap closure. We then tip the bottle and it is pressurised with a layer of argon, an inert gas, over the wine which protects it from oxygen. This allows us to ensure that each glass is in premium condition each time we pour. The cork, or closure will then reseal naturally and continue to protect the wine. This gives us the ability to show you wines by the glass that we wouldn't normally open. It is the perfect way to explore and try something new.

# NON

NON is a collaboration between William Wade (Noma) & Aaron Trotman. This zero-alcohol wine alternative is the result of an exploration into the unique & unpredictable. Sourcing only the best ingredients from the most renowned growing regions, NON is complex, deeply personal & offers drinkers the opportunity to expand their non - alcoholic sensory experiences.

**Glass - 16 Bottle - 74**

**NON # 1** Salted Raspberry & Chamomile

**NON # 3** Toasted Cinnamon & Yuzu

**NON # 5** Lemon Marmalade & Hibiscus
